

this is your chance for happiness
you resist because you are anxious
and all these things will come to be
in endless possibilities.
open ~~your eyes~~ your and go with it
in not about to let you slip
the answers are within your reach
so long as you don't panic.
a pulse from other stations
from future generations
a pulse

open your mind ~~and~~ switch to receive.
the endless possibilities.
~~a pulse from other stations~~ in not about
~~from future generations~~ to let you slip.
the answers are within your reach.
